SENIOR PRODUCT DESIGNER, AI AND PRODUCT EXPERIENCE

d.kula.jurczynska@gmail.com | +48 698 544 471 | based in Krakow, Poland

PROFESSIONAL EXPERIENCE

SENIOR PRODUCT DESIGNER | Zendesk

07.2024 - present [2 years 2 months] | Kraków, Poland, Hybrid

- Lead end-to-end product design for **Zendesk's AI features**, focusing on Product Led Growth (PLG) approach, contributing to 5,000+ sales opportunities and a 17% trial-to-paid conversion rate
- Design AI-powered agent experiences, translating LLM capabilities into simple, intuitive user flows combining user-centered and data-driven approach
- Lead adoption of the new design system across AI features and onboarding experiences, aligning multiple design and engineering teams at scale
- Partner closely with engineering and product leadership, utilizing **AI-assisted prototyping tools** to validate concepts and accelerate iteration cycles
- Established an org-wide design pattern for paid-tier AI features, enabling other teams to scale paid SKU functionality across the product ecosystem

SENIOR PRODUCT DESIGNER | Brainly

11.2019 - 06.2024 [4 years 8 months] | Kraków, Poland, Remote

- Led product design across **monetization and funnel optimization**, aligning business goals with user needs through research-driven iterations
- Facilitated cross-functional discovery workshops, conducted qualitative & quantitative user research to validate design decisions across web and mobile platforms
- Mentored product designers, improved cross-functional design workflows, and participated in hiring initiatives

UX/UI DESIGNER | Ringier Axel Springer Poland

05.2017-11.2019 [2 years 6 months] | Kraków, Poland

- Led the end-to-end redesign of **Poland's largest dating app** (Sympatia.pl across iOS & Android), optimizing core engagement metrics and user flows
- Collaborated with international engineering and product teams in Scrum/Agile environments to deliver scalable UI/UX solutions

UX / UI DESIGNER | Evidence Prime

10.2015 - 02.2017 [1 year 4 months] | Kraków, Poland

Complex Workflows: Designed a web application streamlining medical guideline preparation for healthcare professionals. Managed user flows, information architecture, and UI across complex systems

EARLIER EXPERIENCE

GRAPHIC DESIGNER | Funktional creative agency

06.2016 - 05.2017 [1 year] | Kraków, Poland

UI design, wireframing, branding and promotional design
